

Assignment 4: Cupcake Form

*Directions: Using the information below, create a **professional looking** form. Feel free to add additional information and include pictures. Tables and CSS are encouraged for formatting.*

Figgy Pudding Cupcakes wants to create a form to sell their cup cakes online. They hope that online sales and ordering will increase their sales by 20% in the busy holiday season. This means the form has to be easy to use and enticing. You may need to organize the ordering process to make it easier. They need a form to collect the following information:

- Customer name
- Address
- Telephone
- Email
- Pick up or delivery
- Delivery date
- Pick up date
- Type of Cup Cakes
- **Cost**
- **Quantity**

Cupcakes must be ordered in either half dozen or dozen. The price for cupcake is \$10 for a half dozen and \$20 for a dozen.

The items they sell are:

- Red Velvet Cupcakes
- Chocolate Sunrise Cupcakes
- Holiday Gingerbread Cupcakes
- Chocolate Chip Cupcakes
- Strawberry Fields Cupcakes
- French Vanilla Cupcakes
- Pumpkin Pie Cupcakes
- Savory Cheese Cupcakes

If you hate my flavors you can create your own, but there have to be 8 and flavor names should be appropriate for your portfolio.

They also need a confirmation page that does the following:

- Tells customers that someone will be contacting them next day to confirm their order
- Gives vital info about the store
- Encourages the customer to continue reading the web site
