

Exercise 15: Web Production Tools

Directions:

You will be posting a critique of a web tool to the class site. Your critique should include the following:

- Name of the web tool
- URL
- Cost /Trial info
- Description (1 paragraph)
- Information about special features (1 paragraph)
- Test drive the tool and report on what you liked, or did not like about the tool (1 paragraph)

When you are finished, post your critique to the blog.

Tools:

You can pick one of the tools below, or pick your own. Once you have selected, email me (enyasi-wilkins@gmail.com) so I can make sure no one else selects your tool.

Dreamweaver CS4
