

Take Home Final

Please read the instructions for each question very carefully. Questions may require you to write html, correct CSS, or write CSS. To turn in the final, please email your answers to enyasi.wilkins@gmail.com by **Tuesday December 15 at 4pm**.

1. Tables

Write the HTML to create this basic table. Please note that the background color for each square matches the square name. Please write code for table only, we will assume the code for the rest of the document is correct.

Simple Color Table		
Red	Green	Blue

Answer:

2. CSS Layout

Below you have the HTML and browser view for a basic page layout. Using this information, create the CSS Stylesheet for this page layout. Please create the CSS only.

HTML

Page Layout- viewed in browser

```

<div id="container">
<div id="header">
<h1>Header</h1>
</div>
<div id="leftnav">
Navigation
</div>
<div id="content">
<h2>Topic Heading</h2>
<p>
Lorem ipsum dolor sit amet, consectetur adipiscing
elit. Sed at nibh at dui sodales consequat. Mauris elit
nisl, varius nec, euismod in, facilisis non, dui. Sed
vulputate viverra lacus. Aenean lacus turpis, ultricies
quis, mattis ut, euismod in, odio. Nulla facilisi.
</p>
</div>
<div id="footer">
Footer
</div>
</div>

```

Header
